

EVALUATION OF MAMMOGRAPHY ACCESS PROJECT

Instructions

Please help the American Association on Health and Disability improve their work!

This survey asks questions about each of the services provided by the American Association on Health and Disability as they worked with you to improve access to mammography for women with disabilities at your facility.

Remember, no individual responses will be seen by AAHD staff. All responses will be aggregated and shown to AAHD as part of a report that will make recommendations on how they can improve similar services to facilities like yours in the future.
