Over the past week, you may have seen news reports suggesting that healthcare reform is in serious jeopardy. WE MUST INSIST THAT CONGRESS COMPLETE HEALTHCARE REFORM NOW! Too many Americans with disabilities and chronic conditions are not well served by the current system and will make tremendous gains through enactment of healthcare reform.

- Healthcare reform **will** end discrimination based on health status in the private market - discrimination that currently leaves millions of vulnerable Americans uninsured
- Healthcare reform **will** include new, affordable voluntary long term care insurance coverage—the CLASS Act—and expand Medicaid coverage for home and community based services
- Healthcare reform **will** expand Medicaid eligibility and provide subsidies in the private market, creating more affordable coverage for people with disabilities
- Healthcare reform **will** prohibit annual and lifetime limits on coverage so that individuals with serious conditions will not be forced into medical bankruptcy

CALL THE CAPITOL SWITCHBOARD AT 800-828-0498. (If you can't get through on the 800 number, call the Capitol switchboard (202-224-3121) or your member's district office.) Tell your Senators and Representatives that **NOW is the time for Congress to complete meaningful health care reform that prevents discrimination against people with pre-existing conditions, includes the CLASS Act and expands coverage of Medicaid home and community based services. People with disabilities and their families cannot wait any longer for relief!**
