

# THE PARTNERSHIP TO AMEND

---

# 42 CFR PART 2

April 17, 2020

The Honorable Earl Blumenauer  
United States House of Representatives  
1111 Longworth House Office Building  
Washington, DC 20515

Dear Congressman Blumenauer,

The Partnership to Amend 42 CFR Part 2 (the Partnership) would like to extend our appreciation for your tireless dedication to the Overdose Prevention and Patient Safety Act (H.R. 2062) and the Protecting Jessica Grubb's Legacy Act (S. 3374). By speaking with colleagues, representing a clear and fair perspective, and general advocacy of Part 2, your office led the efforts to move this legislation forward. Without your support, passage of this important bill would not have been possible. As you know, this issue is key to guaranteeing safe, coordinated, and effective treatment for patients with substance use disorder. The impact of this legislation will be felt across the entire health care system, allowing all stakeholders to be better informed about patients' medical history and improve patient safety. This statute is a vital step toward fully integrated health care for individuals with substance use disorders. We thank you for your leadership in addressing the opioid crisis and look forward to working with your office to further combat this pressing public health issue and implement this law.

On behalf of the Partnership we congratulate you, thank you, and look forward to working with you in the future.

Best Regards,

Maeghan Gilmore  
Chairperson, Partnership to Amend 42 CFR Part 2
