MOULTON, FITZPATRICK, 142 OTHER MEMBERS OF CONGRESS AND

NATION'S LEADING NONPROFITS URGE HOUSE LEADERSHIP TO SUPPORT RELIEF FOR AMERICA'S NONPROFITS

SALEM, Mass. — Today, Representatives **Seth Moulton (D-MA)** and **Brian Fitzpatrick (R-PA)** sent a letter to **Speaker of the House Nancy Pelosi** and **House Minority Leader Kevin McCarthy** urging them to support nonprofits in the next round of coronavirus disaster relief. **More than 140 Members of Congress and a large group of the nation's leading national nonprofits joined them** in the call to action.

In the letter, Moulton, Fitzpatrick and 142 of their colleagues said: *“Charitable nonprofits are significant employers ready to serve. The 12 million people working for America’s charities are the backbone of our communities: the food banks, shelters, domestic violence services, houses of worship, early care and education centers, after-school facilities, and more that are being called on to feed, house and care for people whose lives have been disrupted by sickness, closures, and job loss. Cities and states are relying on nonprofits to help mitigate the impact of the pandemic. We will continue to rely on the experience, expertise and ingenuity of the sector during future recovery efforts. As we work to build on the CARES Act in the next relief package, we cannot overlook the needs of these community-based institutions and must*

ensure that charitable nonprofits are fully supported in their service on the front lines of responding to the COVID-19 crisis.”

The group outlined what they'd like to see in the next relief bill. It includes: Expanding access for nonprofits in disaster relief programs including the Paycheck Protection Program, increasing the unemployment insurance reimbursement for self-insured nonprofits struggling to pay furloughed employees, and strengthening tax incentives so more Americans donate to nonprofits in this era of economic uncertainty.

The full text of the letter is available [here](#) and below.

The effort follows Moulton and Fitzpatrick's introduction of the ***Save Organizations that Serve America Act***, also known as the *SOS America Act*, a bill to provide \$60 billion in disaster relief to nonprofits, immediate tax write offs for Americans that donate to nonprofits, and a fix to a problem in the original CARES Act which prevents many nonprofits from accessing emergency loans because of the cap on the number of employees that can work at entities that receive the loans.

Here is a list of the nonprofits that signed on to the call to action:

Alliance for Strong Families and Communities

American Alliance of Museums

American Cancer Society Cancer Action Network

American Council of the Blind

American Heart Association

American Lung Association

Americans for the Arts

Association of Art Museum Directors

Association for Healthcare Philanthropy

Here is the text of the letter:

April 29, 2020

Dear Speaker Pelosi and Minority Leader McCarthy:

Charitable nonprofits are significant employers ready to serve. The 12 million people working for America's charities are the backbone of our communities: the food banks, shelters, domestic violence services, houses of worship, early care and education centers, after-school facilities, and more that are being called on to feed, house and care for people whose lives have been disrupted by sickness, closures, and job loss. Cities and states are relying on nonprofits to help mitigate the impact of the pandemic. We will continue to rely on the experience, expertise and ingenuity of the sector during future recovery efforts. As we work to build on the CARES Act in the next relief package, we cannot overlook the needs of these community-based institutions and must ensure that charitable nonprofits are fully supported in their service on the front lines of responding to the COVID-19 crisis.

Specifically, we urge you to include the following clarifications and provisions in the next relief package:

1. Expand Nonprofit Access to Relief and Support: Establish a distinct reserve dedicated to funding nonprofit loans and expand the eligibility for nonprofits to participate in the Paycheck Protection Program by modifying the current 500-employee cap or by other means. Adjust Economic Stabilization Fund or other

mechanisms to implement programs to support nonprofit employers with between 500 and 10,000 employees, including loan-forgiveness and other provisions. Provide clear guidance and maximum flexibility to private lenders to prioritize processing the applications of charitable nonprofits.

2. Increase Unemployment Insurance Reimbursement: Treat self-funded nonprofits fairly by increasing the federal unemployment insurance reimbursement for self-funded nonprofits to 100% of costs. As currently written Section 2103 of the CARES Act will subject nonprofits throughout the country to crippling payments to their state unemployment systems later this year, while other employers will likely experience little or no additional costs resulting from mass COVID-19-related layoffs. The impacts will be real. States will be greatly challenged to distinguish among employers in an already overburdened system due to the unprecedented surge in new applicants. Many nonprofits will be hit with a bill for reimbursement to states at a time when they will be in the highest demand for providing services. This could actually inhibit nonprofits' ability to perform.

3. Strengthen Charitable Giving Incentives: Encourage donations to the work of charitable organizations in their communities by enabling taxpayers making donations on and after March 13 (date of national emergency declaration) and before July 16 to claim the deductions on their 2019 tax filings. This retroactive application should apply to itemized and above-the-line deductions during this critical period to encourage an influx of donations when these nonprofits need them most. Also, enhance the Above-the-Line Deduction in the CARES Act by increasing the \$300/person cap and extending the effective date of the incentive.

On behalf of the nonprofit charities in each of our districts providing critical services to our constituents, we appreciate your attention to this request and believe that the inclusion of these provisions will directly help charitable nonprofits respond to the fallout from this pandemic and will continue to serve our communities in the aftermath. We appreciate your consideration and attention to this request.

Sincerely,

Brian Fitzpatrick
Member of Congress

Seth Moulton
Member of Congress
